

Are You At The Tipping Point With Your Security Vendor?

Concerned with TippingPoint's™ corporate issues?

The scales have tipped – Protect your network and your business by trading up to Top Layer's IPS.

A leading analyst firm has warned against further investment in TippingPoint.

Tip the scale in your favor by trading in a TippingPoint Unity-One 2400, 2400E, or 5000E and receive the following for free*:

- **Top Layer's award winning next generation IPS 5500 E-Series Network Intrusion Prevention System (IPS).**
- **Top Layer's Network Security Analyzer** – provides security event management, real-time alerting and flexible reporting.
- **Top Layer's TopResponse™ Update Manager** – automatically keeps your network protected from the newest security threats.

IPS 5500

** Restrictions apply. Speak to your local Top Layer sales representative for details.*
